

# WE ARE SMART COLUMBUS

As the winner for the U.S. Department of Transportation's first-ever Smart City Challenge, Columbus was awarded \$50 million in funding and the designation as America's Smart City. In addition, we're taking on the coveted job of "becoming smart" by embracing the reinvention of transportation to accelerate human progress.

## Our moment is now, Columbus.

The opportunity to recreate our city is a vast, collaborative, highly interactive, human experience. We are leading Columbus to the future and ensuring your place in it. But this movement will take all of us. We invite you to join our efforts.

## SMART MOBILITY OPTIONS

### LIME, BIRD AND SPIN

Enjoy a ride on a free-floating [Lime](#) or [Bird](#) scooter. Download the app to see if scooters are available near you. Remember it's city law to ride on the road.

### COTA

Catch the [CBUS](#), a complimentary transit service operated by COTA connecting the Short North, Arena District, Downtown, German Village, and the Brewery District. If you don't live by the CBUS route find a better route for you on COTA's [trip planner tool](#).

### ELECTRIC VEHICLE CHARGING

If you have an electric vehicle, download the [PlugShare app](#) to see where the closet EV charger is to your location.

### COGO BIKESHARE

Rent a CoGo bike from one of the many [stations](#) across Columbus and park it at any other station around town. Remember it's city law to ride on the road.

### LYFT & UBER

Avoid the hassle of parking by taking a [Lyft](#) or [Uber](#) to your destination.

### RIDE WITH SHARE

Plan a group trip with [SHARE](#), a mobility company that helps organizations and cities solve big transportation problems with mobility-as-a-service.
