

Citizens Valuation Services is Now WRV

As we enter into the new year, we are thrilled to share some exciting news with you - a fresh start and a new chapter for our firm.

As of January 22, 2024, Citizens Valuation Services has become WR Valuation (WRV), bringing our valuation capabilities related to financial reporting, employee stock ownership plans, gift tax, estate planning, and management & corporate planning purposes to our national client base. Furthermore, we are thrilled to announce the incorporation of WvT Valuation, the next step in our global partnership with Weidema van Tol (WvT), providing international tax solutions and multinational financial reporting capabilities.

While our name is changing, our unwavering commitment to excellence remains the same. Our dedicated team looks forward to delivering the accurate, reliable, and comprehensive valuation services you depend on in the new year and beyond.

We appreciate the trust you have placed in Citizens Valuation Services, and we are confident that this rebranding, along with our continued partnership with Citizens, will strengthen our ability to serve you.

If you have any questions, please do not hesitate to reach out to us at our contact information below.

Thank you for your continued support. We are excited about the opportunities that lie ahead for WRV.

Best regards,

The WRV Team
