Details

Please join us for a discussion around blood cancer, including the latest treatments on the horizon and strategies that can help you manage life during and after treatment. You'll hear from local healthcare professionals as they share their expertise on various topics.

Bring your questions to what's sure to be an engaging and informative program! This free program is open to patients, caregivers, and family members. We encourage you to bring your support system to benefit from this valuable information session.

Complimentary dinner provided.
