

Orange Barrel Media x Chamber

DECEMBER 2025 – FEBRUARY 2026

Google is helping shape what's next for Ohio, with Columbus at the center. In partnership with the Columbus Chamber, this campaign brought Google's story directly to the people driving the city forward, through Orange Barrel Media's IKE network, with 100 reserved kiosk faces spanning Downtown Columbus and Easton Town Center. The message: real investment in workforce development, AI education, and community programs. With exclusive Chamber access, premium placement, and co-branded credibility, the campaign met Columbus's diverse, fast-growing audiences where they live, work, and move.
